

Small size Wider temp range TFT Modules

Digiwise are now available in small size wider temp range TFT modules. Due to the wider temp range, it can be used in outdoor, harsh environment or industrial applications.

We also designed 3.5" IPS and 4.3" IPS with same overall dimensions and pin assignment to replacement the TN mode for 13-035QMxxx series and 13-043YMxxx series directly. If you want to upgraded TN model to IPS model for enlarge viewing angle or operating temp., now is your good selections.

Size	Model No.	Pixel	Viewing Direction	Outline Dimension	Active Area	Interface	Operating temp	cd/m ²	4W RTP	PCT	OCA Bonding
3.5"	13-035QISCOGA1-S	320RGB*240	IPS	76.9*63.9*3.3	70.08*52.56	RGB-24 bit / 54pin	-30~+80	800	★	★	★
4.3"	13-043WISCOGA0-S	800RGB*480	IPS	105.5*67.2*2.9	95.04*53.856	RGB-24 bit / 40pin	-30~+80	500	★	★	★
7.0"	13-070WIECOGA0-S	800RGB*480	IPS	165.0*104.07* 6.8	152.4*91.44	LVDS-8 bit /30pin	-30~+80	1000	★		

We are a fully custom solution provider as well so if there is anything else that you need, welcome to co-work with us to fulfill your custom module.
